CAPABILITY STATEMENT

ABOUT US

Welcome to **Sun Professional Supply**, your trusted partner for all things pressure washer-related. With a commitment to excellence and a deep understanding of the diverse needs of our clients, SunPro offers a comprehensive range of services that set us apart in the industry. Our expert team specializes in servicing all major brands of pressure washers, ensuring that your equipment runs efficiently and effectively. But that's just the beginning - we go the extra mile by customizing pressure washer configurations and heads to meet the unique demands of specific applications. Our dedication doesn't end there; we believe in empowering our clients with knowledge. That's why we offer comprehensive training on how to properly use our equipment, so you can maximize its potential and achieve outstanding results.

WHY CHOOSE US?

At **SunPro**, we're not just about servicing and training - we're also your go-to destination for pressure washer system repairs. Whether you have a diesel-fired, natural gas, propane, or electric system, we have the expertise to get it back in prime condition, either onsite or offsite. We're proud to offer a range of cutting-edge solutions, including our Pro Super Skid Tow Pro Trailers, Dirt Laser Power Washer Trailers, and Hot Shot Tow-Pro Trailers. Additionally, our commitment to environmental responsibility shines through in our mixed, non-hazardous, biodegradable proprietary formulas, which include degreasers, soaps, detergents, form release, anti-stick asphalt pre-treatment, and asphalt remover. At **SunPro**, we blend innovation, expertise, and eco-consciousness to deliver the best in pressure washer solutions, ensuring your success in every endeavor.
